

TAX SAVINGS. HEALTH SAVINGS. WOW SAVINGS.

Take control of your health and grow your money. See the power of an HSA-qualified health plan combined with a HealthEquity HSA.

SAVE ON PREMIUMS

When it comes to choosing a healthcare plan, you really have one decision to make: High premium or low premium?

HSA-qualified health plans (sometimes called high-deductible or consumer choice health plans) offer the lowest premiums, enabling you to unlock immediate savings. The difference could be thousands of dollars every year.

KEEP YOUR PREMIUM SAVINGS

Healthcare premium payments disappear forever. But you can use your HealthEquity HSA to keep that money instead.

Choose a low premium health plan. Then just put the extra money you would have paid toward traditional premiums into your HSA. Voila! Long-term health savings.

Want to go bigger? Don't forget 2023 IRS annual contribution limits.

- \$7750 for family plans
- \$3850 for individual plans

Keep in mind IRS limits include employer contributions.

MAXIMIZE TAX SAVINGS

Every dollar you contribute pre-tax to your HSA reduces your annual taxable income.

Plus, you automatically earn tax-free interest on your money. Anytime healthcare expenses come up just pay from your HSA and you're good to go. You never pay taxes or penalties when you withdraw HSA dollars for qualified medical expenses. See the full list of eligible expenses at healthequity.com/QME
