

Specialty Drugs Program

Certain specialty prescription drugs require Pre-Authorization and must be filled through specialty pharmacies. When your physician contacts us for Pre-Authorization of the drug, he or she will be notified of the number to call to contact the specialty pharmacy if Pre-Authorization is granted. Specialty prescription drugs, when Pre-Authorized by us, will be dispensed for a maximum of 30-day supply per fill. You may also obtain the contact information for the specialty pharmacy by calling our Member Services Department. The specialty drugs affected are as follows:
