

Administrative Policy: Fee Schedule Updates from CMS (Medicare)

Policy statement

ConnectiCare will update the facility and professional fee schedules within 3 months (90-days) of the approved fee schedule release by the Centers for Medicare and Medicaid Services (CMS). Until an update is complete (loaded, tested and available to pay claims), the current rates will remain in effect. Once the new rates are loaded, claims received after the load date are paid using the updated fee schedule, if applicable. ConnectiCare will not make retroactive adjustments based on the new fee schedule for claims submitted prior to the implementation date.

Revision history
