List of Covered Drugs for / Lista de medicamentos cubiertos para:
ConnectiCare Choice Dual (HMO-POS D-SNP)

ConnectiCare

Note to existing members: This Formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this Drug List (formulary) refers to "we," "us," or "our," it means ConnectiCare. When it refers to "plan" or "our plan," it means ConnectiCare Medicare Advantage plans. Our Medicare Advantage plan include ConnectiCare Choice Dual (HMO-POS D-SNP).

This document includes a Drug List (formulary) for our plan, which is current as of 12/01/2025. For an updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the Drug List (formulary), appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on Jan. 1, 2026, and from time to time during the year.

What is the ConnectiCare Choice Dual (HMO-POS D-SNP) formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by our plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Our plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the formulary change?

Most changes in drug coverage happen on January 1, but our plan may add or remove drugs on the formulary during the year or add new restrictions. We must follow Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here: **connecticare.com/medicare**.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand-name drug or original biological product on our formulary, but immediately move it or add new restrictions. We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar version of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

  If you are currently taking the brand-name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled "How do I request an exception to the ConnectiCare Choice Dual (HMO-POS D-SNP) formulary"?

Some of these drug types may be new to you. For more information, see the section below titled "What are original biological products and how are they related to biosimilars?"

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for any safety or effectiveness reasons we may immediately remove the drug from our formulary and later provide notice to members who take the drug.

- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may remove a brand name drug from the formulary when adding a generic equivalent or remove an original biological product when adding a biosimilar. We may also apply new restrictions to the brand name drug or original biological product. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug formulary, we must notify affected members of the change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30 day supply of the drug and notice of the change.

If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled "How do I request an exception to the ConnectiCare Choice Dual (HMO-POS D-SNP) formulary"?

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2025 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2025 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 12/01/2025. To get updated information about the drugs covered by our plan, please contact us. Our contact information appears on the front and back cover pages.

Note: In the event of a mid-year, non-maintenance formulary change, the change is added to a comprehensive list of changes that have been made since the formulary was printed. The list of changes is included with the formulary booklet that is available online. New members receive a notice in the welcome kit with information on how to access the formulary or how to request one. Existing members can view the updated formulary by visiting us on the web at **connecticare.com/medicare**. The formulary that is posted on our website is updated.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular Hypertensive/Lipids." If you know what your drug is used for, look for the category name in the list that begins on page 1. Then, look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page Index 1. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Our plan covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well as and usually cost less than brand-name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex

than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

- For discussion of drug types, please see the Evidence of Coverage, Chapter 5 Section 3.1, "The 'Drug List' tells which Part D drugs are covered."

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Our plan requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from our plan before you fill your prescriptions. If you don't get approval, our plan may not cover the drug.

- **Quantity Limits:** For certain drugs, our plan limits the amount of the drug that we will cover. For example, our plan provides 30 tablets per prescription for JANUVIA®. This may be in addition to a standard one-month or three-month supply.

- **Step Therapy:** In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, our plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, our plan will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask our plan to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the ConnectiCare ConnectiCare Choice Dual (HMO-POS D-SNP) formulary"? on page v for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Customer Service and ask if your drug is covered.

If you learn that our plan does not cover your drug, you have two options:

- You can ask Customer Service for a list of similar drugs that are covered by our plan. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by our plan.

- You can ask us to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the ConnectiCare Choice Dual (HMO-POS D-SNP) Formulary?

You can ask our plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.

- You can ask us to waive a coverage restriction including prior authorization, step therapy, or a quantity limit on your drug. For example, for certain drugs, our plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, our plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask for formulary exception, including an exception to a coverage restriction. **When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your

prescriber asks for a fast decision , we must give you a decision no later than 24 hours after we get prescriber's supporting statement.

What can I do if my drug is not on the formulary or has a restriction?

As a new or continuing member in our plan, you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. If coverage is not approved, after your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

If you are a current member in our plan and you experience a change in the level of care, such as an admission or discharge from the long-term care facility, we will provide you with one-time temporary supply of your medications, as needed, to assist with your transition to the new level of care.

Cuando esta Lista de medicamentos (farmacopea) haga referencia a "nosotros", "nos" o "nuestro", significa ConnectiCare. Cuando se refiere a "plan" o "nuestro plan", significa los planes Medicare Advantage de ConnectiCare. Nuestro plan Medicare Advantage incluye ConnectiCare Choice Dual (HMO-POS D-SNP).

El presente documento incluye una Lista de medicamentos (farmacopea) para nuestro plan que se encuentra vigente a partir del 12/01/2025. Para obtener una Lista de medicamentos (farmacopea) actualizada, comuníquese con nosotros. Nuestra información de contacto, junto con la última fecha en que hemos actualizado la Lista de medicamentos (farmacopea), aparece en la portada y la contratapa.

Para poder utilizar sus beneficios de medicamentos con receta, por lo general, deberá usar farmacias de la red. Los beneficios, la farmacopea, la red de farmacias o los copagos y el coseguro pueden cambiar a partir del 1.° de enero de 2026 y periódicamente durante el año.

¿Qué es la farmacopea de ConnectiCare Choice Dual (HMO-POS D-SNP)?

En este documento, usamos los términos Lista de medicamentos y farmacopea para referirnos a lo mismo. La farmacopea es una lista de medicamentos cubiertos seleccionados por nuestro plan en colaboración con un equipo de proveedores de atención médica que representa los tratamientos con receta que se consideran una parte necesaria de un programa de tratamiento de calidad. Por lo general, nuestro plan cubre los medicamentos que se encuentran incluidos en nuestra farmacopea, siempre que el medicamento sea médicamente necesario, la receta se llene en una farmacia de la red y se respeten las demás reglas del plan. Para obtener más información sobre cómo llenar sus recetas, consulte su Evidencia de cobertura.

¿La farmacopea puede cambiar?

La mayoría de los cambios en la cobertura de medicamentos ocurren el 1.° de enero, pero nuestro plan puede agregar o quitar medicamentos de la farmacopea durante el año o agregar nuevas restricciones. Debemos seguir las reglas de Medicare al hacer estos cambios. Las actualizaciones a la farmacopea se publican mensualmente en nuestro sitio web aquí: **connecticare.com/medicare**.

Cambios que pueden afectarle este año: En los casos que figuran a continuación, usted se verá afectado por los cambios de cobertura durante el año:

- **Sustituciones inmediatas de ciertas versiones nuevas de medicamentos de marca y productos biológicos originales.** Podremos eliminar de inmediato un medicamento de nuestra farmacopea si lo reemplazamos por una nueva versión de ese medicamento con las mismas o menos restricciones. Cuando agregamos una nueva versión de un medicamento a nuestra farmacopea, podemos decidir mantener el medicamento de marca o el producto biológico original en nuestra farmacopea, pero moverlo inmediatamente o agregar nuevas restricciones.
  Podemos hacer estos cambios inmediatos solo si agregamos una nueva versión genérica de un medicamento de marca o si agregamos cierta versión biosimilar nueva de un producto biológico original que ya estaba en la farmacopea (por ejemplo, si agregamos un biosimilar intercambiable que puede ser sustituido por un producto biológico original en una farmacia sin una nueva receta).

Si actualmente está tomando un medicamento de marca o producto biológico original, es posible que no le informemos con anticipación antes de hacer un cambio inmediato, pero luego le brindaremos información sobre los cambios específicos que hemos realizado.

Si realizamos dicho cambio, usted o el profesional autorizado para recetar pueden solicitarnos que hagamos una excepción y sigamos cubriendo para usted el medicamento que se cambiará. Para obtener más información, consulte la sección a continuación titulada "¿Cómo solicito una excepción a la farmacopea de ConnectiCare Choice Dual (HMO-POS D-SNP)?".

Algunos de estos tipos de medicamentos pueden ser nuevos para usted. Para obtener más información, consulte la sección a continuación titulada

"¿Qué son los productos biológicos originales y cómo se relacionan con los biosimilares?"

- **Medicamentos retirados del mercado.** Si el fabricante o la Administración de Alimentos y Medicamentos (Food and Drug Administration, FDA) determinan que un medicamento debe retirarse de la venta por cualquier motivo de seguridad o eficacia, podemos eliminar el medicamento de nuestra farmacopea de inmediato y luego notificar a los miembros que lo toman.

- **Otros cambios.** Es posible que hagamos otros cambios que afecten a los miembros que actualmente toman un medicamento. Por ejemplo, podemos eliminar un medicamento de marca de la farmacopea al agregar un equivalente genérico o eliminar un producto biológico original al agregar un biosimilar. También podemos aplicar nuevas restricciones al medicamento de marca o al producto biológico original. También podemos hacer cambios basados en nuevas pautas clínicas. Si eliminamos medicamentos de nuestra farmacopea, si agregamos límites de cantidad o restricciones de tratamiento escalonado o autorización previa a un medicamento de la farmacopea, debemos notificar a los miembros afectados el cambio por lo menos 30 días antes de que el cambio entre en vigencia. Como alternativa, cuando un miembro solicite un resurtido del medicamento, puede recibir un suministro del medicamento para 30 días y un aviso del cambio.

Si realizamos estos otros cambios, usted o el profesional autorizado para recetar pueden solicitarnos que hagamos una excepción y sigamos cubriendo el medicamento que usted ha estado tomando. El aviso que le proporcionamos también incluirá información sobre cómo solicitar una excepción, y además, puede encontrar información en la sección a continuación titulada "¿Cómo solicito una excepción a la farmacopea de ConnectiCare Choice Dual (HMO-POS D-SNP)?"

Cambios que no le afectarán si actualmente está tomando el medicamento. Generalmente, si usted está tomando un medicamento de nuestra farmacopea 2025 que estaba cubierto al comienzo del año, no discontinuaremos ni reduciremos la cobertura del medicamento durante el año de cobertura 2025, excepto como se describió anteriormente. Esto significa que estos medicamentos permanecerán disponibles con el mismo costo compartido y sin nuevas restricciones para aquellos miembros que los tomen durante el resto del año de cobertura. No obtendrá una notificación directa este año sobre los cambios que no lo afectan. Sin embargo, el 1.º de enero del próximo año, esos cambios le afectarían y es importante que revise la farmacopea del nuevo año del beneficio para ver los cambios en los medicamentos.

La farmacopea adjunta tendrá vigencia a partir del 12/01/2025. Para obtener la información más actualizada sobre los medicamentos cubiertos por nuestro plan, comuníquese con nosotros. Nuestra información de contacto aparece en la portada y la contratapa.

Nota: En caso de un cambio en la farmacopea que no sea por mantenimiento a mitad del año, dicho cambio se agregará a una lista exhaustiva de cambios que se han producido desde la impresión de la farmacopea. La lista de cambios se incluye con el folleto de la farmacopea que está disponible en línea. Los miembros nuevos reciben un aviso en el paquete de bienvenida con información sobre cómo acceder a la farmacopea o cómo solicitar una. Los miembros existentes pueden ver la actualización de la farmacopea visitando nuestro sitio web en **connecticare.com/medicare**. La farmacopea que está publicada en nuestro sitio web está actualizada.

¿Cómo debo usar la Farmacopea?

Existen dos formas de encontrar su medicamento dentro de la farmacopea:

Afección médica

La farmacopea comienza en la página 1. Los medicamentos de esta farmacopea se agrupan en categorías, según el tipo de afección médica que suelen tratar. Por ejemplo, los medicamentos utilizados para tratar una afección cardíaca están enumerados en la categoría “Lípidos/Cardiovascular hipertensivo”. Si conoce para qué se utiliza su medicamento, busque el nombre de la categoría en la lista que comienza en la página 1. Luego, busque su medicamento en el nombre de la categoría.

Lista por orden alfabético

Si no está seguro de la categoría en la que debe buscar, busque su medicamento en el Índice que comienza en la página 1. El Índice le brinda una lista por orden alfabético de todos los medicamentos incluidos en el presente documento. Los medicamentos de marca y los genéricos están enumerados en el Índice. Busque en el Índice y encuentre su medicamento. Al lado de su medicamento, verá el número de página donde puede encontrar la información de la cobertura. Vaya a la página enumerada en el Índice y encuentre el nombre de su medicamento en la primera columna de la lista.

¿Qué son los medicamentos genéricos?

Nuestro plan cubre los medicamentos de marca y los medicamentos genéricos. Un medicamento genérico está aprobado por la FDA como medicamento que contiene el mismo ingrediente activo que el medicamento de marca. Por lo general, los medicamentos genéricos funcionan tan bien como los medicamentos de marca y cuestan menos. Hay disponibles medicamentos genéricos sustitutos para muchos medicamentos de marca. Los medicamentos genéricos generalmente pueden sustituirse por el medicamento de marca en la farmacia sin necesidad de una nueva receta, según las leyes estatales.

¿Qué son los productos biológicos originales y cómo se relacionan con los biosimilares?

En la farmacopea, cuando nos referimos a medicamentos, puede significar un medicamento o un producto biológico. Los productos biológicos son fármacos que son más complejos que los medicamentos típicos. Dado que los productos biológicos son más complejos que los medicamentos típicos, en lugar de tener una forma genérica, tienen alternativas que se denominan biosimilares. Por lo general, las versiones biosimilares son igual de eficaces que los productos biológicos originales y pueden costar menos. Existen alternativas biosimilares para algunos productos biológicos originales. Algunos biosimilares son biosimilares intercambiables y, según las leyes estatales, pueden sustituirse por el producto biológico original en la farmacia sin necesidad de una nueva receta, al igual que los medicamentos genéricos pueden sustituirse por medicamentos de marca.

- Para obtener información sobre los tipos de medicamentos, consulte la Evidencia de cobertura, Capítulo 5, Sección 3.1: “La ‘Lista de medicamentos’ indica qué medicamentos de la Parte D están cubiertos”.

¿Existen algunas restricciones en mi cobertura?

Es posible que algunos medicamentos cubiertos tengan requisitos o límites adicionales sobre la cobertura. Estos requisitos y límites pueden incluir:

- **Autorización previa:** Nuestro plan le exige a usted o a su profesional autorizado para recetar que obtengan una autorización previa para determinados medicamentos. Esto significa que deberá obtener aprobación de nuestro plan antes de llenar sus recetas. Si no obtiene la aprobación, es posible que nuestro plan no cubra el medicamento.

- **Límites de cantidad:** Para determinados medicamentos, nuestro plan limita la cantidad del medicamento que cubriremos. Por ejemplo, nuestro plan proporciona 30 comprimidos por receta de JANUVIA®. Esto puede ser además del suministro estándar de uno o tres meses.

- **Tratamiento escalonado:** En algunos casos, nuestro plan le exige que pruebe primero determinados medicamentos para tratar su afección médica antes de que cubramos otro medicamento para esa afección. Por ejemplo, si tanto el Medicamento A como el Medicamento B tratan su afección médica,

es posible que nuestro plan no cubra el Medicamento B a menos que primero pruebe el Medicamento A. Si el Medicamento A no funciona para usted, entonces su plan cubrirá el Medicamento B.

Puede averiguar si su medicamento tiene algún requisito o límite adicional buscando en la farmacopea que comienza en la página 1. Además, puede obtener más información sobre las restricciones que se aplican a los medicamentos cubiertos específicos al visitar nuestro sitio web. Hemos publicado documentos en línea que explican nuestras restricciones de autorización previa y tratamiento escalonado. También puede pedirnos que le enviemos una copia. Nuestra información de contacto, junto con la última fecha en que hemos actualizado la farmacopea, aparece en la portada y la contratapa.

Puede solicitar a nuestro plan que haga una excepción sobre estas restricciones o límites, o para obtener una lista de otros medicamentos similares que puedan tratar su afección médica. Consulte la sección "Cómo solicito una excepción a la farmacopea de ConnectiCare Choice Dual (HMO-POS D-SNP)", en la página v para obtener información sobre cómo solicitar una excepción.

¿Qué sucede si mi medicamento no aparece en la Farmacopea?

Si su medicamento no está incluido en la presente farmacopea (lista de medicamentos cubiertos), debería comunicarse primero con el Servicio de Atención al Cliente y consultar si su medicamento está cubierto.

Si sabe que nuestro plan no cubre su medicamento, tiene dos opciones:

- Puede solicitar al Servicio de Atención al Cliente una lista de los medicamentos similares que están cubiertos por nuestro plan. Cuando reciba esa lista, muéstresela a su médico y pídale que recete un medicamento similar que esté cubierto por nuestro plan.

- Puede solicitar que hagamos una excepción y cubramos su medicamento. Consulte a continuación para obtener más información sobre cómo puede solicitar una excepción.

¿Cómo solicito una excepción a la farmacopea de ConnectiCare Choice Dual (HMO-POS D-SNP)?

Puede solicitarle a nuestro plan que haga una excepción a las reglas de cobertura. Existen varios tipos de excepciones que puede solicitarnos que hagamos.

- Puede solicitarnos que cubramos un medicamento incluso si no está en nuestra farmacopea. Si se aprueba, se cubrirá este medicamento en un nivel de costo compartido predeterminado, y no podrá pedirnos que brindemos el medicamento a un nivel de costo compartido más bajo.

- Puede solicitarnos que eximamos una restricción de cobertura, incluida la autorización previa, el tratamiento escalonado o un límite de cantidad de su medicamento. Por ejemplo, para determinados medicamentos, nuestro plan limita la cantidad del medicamento que cubriremos. Si un medicamento tiene un límite de cantidad, puede solicitarnos que renunciemos a ese límite y cubramos un monto mayor.

Generalmente, nuestro plan solamente aprobará su solicitud de excepción si los medicamentos alternativos incluidos en la farmacopea del plan, el medicamento de costo compartido más bajo o aplicar las restricciones no serían tan eficaces para usted o le producirían efectos adversos.

Usted o su profesional autorizado para recetar deben comunicarse con nosotros para solicitar una excepción a la farmacopea, incluida una excepción a una restricción de cobertura. **Cuando solicita una excepción, su profesional autorizado para recetar deberá explicar los motivos médicos por los cuales usted necesita la excepción.** Por lo general, debemos tomar una decisión dentro de las 72 horas de haber recibido la declaración de apoyo del profesional autorizado para recetar. Puede solicitar una decisión acelerada (rápida) si usted cree que esperar una decisión hasta 72 horas podría perjudicar gravemente su salud y si nosotros estamos de acuerdo. Si aceptamos, o si su profesional autorizado para recetar solicita una decisión acelerada, debemos darle una decisión a más tardar 24 horas después de recibir la declaración de respaldo del profesional autorizado para recetar.

¿Qué puedo hacer si mi medicamento no está en la farmacopea o tiene una restricción?

Como un miembro nuevo o que continúa en nuestro plan, es posible que esté tomando medicamentos que no están en la farmacopea. O bien, es posible que esté tomando un medicamento que está en nuestra farmacopea pero que tiene una restricción de cobertura, como una autorización previa. Debe hablar con su profesional autorizado para recetar sobre solicitar una decisión de cobertura para demostrar que usted cumple con los criterios de aprobación, cambiar a un medicamento alternativo que cubramos o solicitar una excepción a la farmacopea para que cubramos el medicamento que toma. Mientras usted y su médico determinan el curso de acción adecuado para usted, es posible que cubramos sus medicamentos en determinados casos durante los primeros 90 días en que usted es miembro de nuestro plan.

Por cada uno de sus medicamentos que no esté en nuestra farmacopea o que tenga una restricción de cobertura, cubriremos un suministro temporal para 30 días. Si su receta médica fue hecha por pocos días, permitiremos varios resurtidos hasta un máximo de un suministro de 30 días del medicamento. Si no se aprueba la cobertura, luego de su primer suministro para 30 días, no pagaremos por estos medicamentos, incluso si hace menos de 90 días que usted es miembro del plan.

Si usted es residente de un centro de cuidados a largo plazo y necesita un medicamento que no está en nuestra farmacopea o si su capacidad para obtener sus medicamentos es limitada, pero ya pasaron los primeros 90 días de membresía en nuestro plan, cubriremos un suministro de emergencia de 31 días de ese medicamento mientras solicita una excepción a la farmacopea.

Si es un miembro actual de nuestro plan y experimenta algún cambio en el nivel de atención, como por ejemplo, ser admitido o dado de alta en un centro de cuidados a largo plazo, se le permitirá una renovación

temporal por una única vez de sus medicamentos, según sea necesario, para ayudarle en su transición a un nuevo nivel de atención.

Lista de abreviaturas

AP B/D: Este medicamento con receta puede estar cubierto por la Parte B o D de Medicare según las circunstancias. Es posible que se deba presentar la información que describa el uso y el entorno de la regulación del medicamento para tomar una determinación.

DL: Disponibilidad limitada. Esta receta solamente puede estar disponible en determinadas farmacias. Para obtener más información, consulte su Directorio de farmacias o llame al Servicio de Atención al Cliente al **800-224-2273** (los usuarios de TTY deben llamar al **711**). MPC: Medicamento pedido por correo. Este medicamento con receta está disponible a través de nuestro servicio de pedido por correo, así como también a través de nuestras farmacias de venta minorista de la red. Considere usar los pedidos por correo para sus medicamentos a largo plazo (de mantenimiento) (como, por

ejemplo, los medicamentos para la presión arterial alta). Las farmacias de venta minorista de la red pueden ser más adecuadas para medicamentos con receta a corto plazo (como, por ejemplo, los antibióticos).

AP: Autorización previa. El plan le exige a usted o a su médico que obtenga una autorización previa para determinados medicamentos. Esto significa que deberá obtener aprobación antes de llenar sus medicamentos con receta. Si no obtiene la aprobación, es posible que no cubramos el medicamento.

LC: Límite de cantidad. Para determinados medicamentos, el plan limita la cantidad del medicamento que cubriremos.

Por ejemplo, si tanto el Medicamento A como el Medicamento B tratan su afección médica, es posible que el plan no cubra el Medicamento B a menos que primero pruebe el Medicamento A. Si el Medicamento A no funciona para usted, entonces cubriremos el Medicamento B.

SDL: Suministro con límite de días. Para determinados medicamentos, el plan limita el suministro diario que cubriremos por un mes por vez.

V: La vacuna se proporciona a adultos sin costo alguno cuando se administra en función de las recomendaciones del Comité Asesor sobre Prácticas de Inmunización (Advisory Committee on Immunization Practices, ACIP) de los Centros para el Control y la Prevención de Enfermedades (Centers for Disease Control and Preventions, CDC).
