

# Save with the ConnectiCare Vision Discount Program

If you wear glasses or contacts, did you know that our Vision Discount Program may be able to save you hundreds of dollars each year? The ConnectiCare Vision Discount Program offers discounts on frames, lenses, and prescription contacts when using a participating optician.

There are no limits to how often you can use these discounts. You'll get on-the-spot savings every time you purchase a product or service listed in the table below from one of our many participating opticians.

To see if your optician participates in our Vision Discount Program, use our "Find a Doctor" tool at [connecticare.com](http://connecticare.com). Opticians who participate in our discount program are identified by the eyeglass icon.
